Final

Examination

Requirements

C o l l e g e

Dear student,

“... *and now the end is near...*”. These are words from a famous song by Frank Sinatra. I am sure the end of this year will be successful for you

This is your final year at the Alfrink College so make it your best! Show us what you are able to accomplish! Although you have had many lessons that were similar to all the other students, many of your lessons have also been different, both because they were taught in English and because your teachers demanded more from you than from other students.

The VWO exam will be tough, as it is for every student, but after five years of hard work, of learning how to take the initiative, of knowing how to plan in difficult times you should know how to cope with that. I know that you can do it.

Your teachers have invested an enormous amount of time in preparing you for the IB exam. You may not have liked all the subjects covered in the IB programme, but over the years you have learned a lot which will be of benefit to you in the future, wherever you go. With the right attitude this year and a good **organisation** on your part I expect you to pass your exams successfully. So don't wait until the last moment, but act NOW!

In this FER you will find a lot of things about the regular exam and the IB exam. Read it carefully and do not hesitate to ask for explanations if things are not clear and comment when you think things are missing.

Students of year 6 are always special to me, and certainly you, so make me, your teachers and parents be proud of you.

I wish you all lots of success.

Drs. M.A. de Haas

Head of the bilingual department

The IB programme

Next to the exam for the regular stream you will take the IB exam English A: Language and Literature. Be aware that although you do the same components as other students for the regular VWO exam you may do these in different periods than the other students. Have a good look in your FER.

External moderators will assess all the written work for the IB.

The Further Oral Activity, which you did in year 5 or 6, and the Individual Oral Commentary, in year 6, are assessed by your teachers. The Individual Oral Commentary is also recorded and sent abroad for moderation. The same oral will also be marked by your teachers for the regular VWO exam, using the regular VWO assessment criteria. The latter also applies to the School Exam on writing. You will be writing a mock Paper 2, and be marked for regular VWO writing skills, using the regular VWO assessment criteria.
